Purpose of these notes

These notes provide information for people using registered child care who want to claim Child Care Benefit.

With registered care, you are entitled to the registered care rate of Child Care Benefit for maximum of 50 hours of care per child per week, but you are not entitled to the Child Care Rebate.

Note: You can only claim Child Care Benefit for periods of child care that you or your partner are liable for, have already been used and paid for at the time of the claim.

Definition of a partner

For Department of Human Services purposes a person is considered to be your partner if you and the person are living together, or usually live together, and are married, or in a registered relationship (opposite-sex or same-sex), or in a de facto relationship (opposite-sex or same-sex).

We consider a person to be in a de facto relationship from the time they commence living with another person as a member of a couple.

Child Care Benefit is assistance to help with the cost of child care. Child Care Benefit can be claimed in different ways depending on the type of child care you use. It is not available through the tax system.

Child Care Benefit is a payment to help families who use:

- **registered** child care, and/or
- **Child Care Benefit approved** child care.

Registered care is child care provided by nannies, grandparents, relatives or friends who are registered with us. In some circumstances it can also include child care provided by individuals in private pre-schools, kindergartens and some outside school hours care services. Your child’s carer must be registered with us for you to claim Child Care Benefit. Your child carer can call us on 136 150 for information on how to become registered.

**For families using registered care** — You can only claim Child Care Benefit by completing this form and lodging it with your child care receipts **within 12 months from the date care was provided**. For example, if you use child care on 11 August 2012, you must lodge your claim by 11 August 2013.

You cannot be paid for any sessions of care for your child if you are the registered child care provider.

Child Care Benefit approved child care is care provided by a service provider that has been approved to receive Child Care Benefit payments on behalf of eligible families.

**For families using Child Care Benefit approved care** — please do not use this form.

For information about the different ways you can claim Child Care Benefit for approved care, call us on 136 150. To find a Child Care Benefit approved child care provider in your area search the website mychild.gov.au or call the Child Care Access Hotline on 1800 670 305 (TTY 1800 639 327).

**For families using registered care AND Child Care Benefit approved care** — You will need to claim Child Care Benefit separately for each type of care.

We also need to know if each child attends school. For Child Care Benefit purposes, **a school child** is a child who attends primary or secondary school or is on a break from school (for example, school holidays) and will be returning to primary or secondary school after that break. For Child Care Benefit purposes, children who are in the following classes are regarded as being in the first year of primary school:

- kindergarten in NSW or ACT
- preparatory or year 1 in QLD
- pre–primary in WA
- transition in NT
- preparatory in VIC and TAS
- reception in SA

Once you have completed this form and lodged it with your child care receipts*, we will send your payment to your nominated account. We do not make cash payments.

---

* Child care receipts should include:
- the service provider’s Customer Reference Number
- dates when the care commenced and ended
- the hours of care, and
- the amount paid for each child in care.
To be eligible for Child Care Benefit if you are using a registered child care provider, you (and your partner) must satisfy the work, training or study test at some time during the week (Monday to Sunday) in which the care was provided.

For example, if you had your child in registered care on Thursday 5 July 2012, you (and your partner) must satisfy the work, training or study test at any time during the week beginning Monday 2 July and ending Sunday 8 July.

You satisfy the work, training or study test if:

- you (OR your partner) get Carer Allowance for a child (Carer Allowance is a Centrelink payment that provides assistance to parents and guardians who care for a child with a disability)

OR

- you (AND your partner) meet the eligibility requirements listed below at some time during the week in which the care was provided.

Eligibility requirements

**Working** Working includes: paid full time, part time or casual work, self-employment, paid leave, sick leave, paid or unpaid parental leave (maximum 12 months per family), other paid leave, carer leave, carer sick leave and setting up a business.

**Voluntary work** Voluntary work for 15 hours or more per week, or any voluntary or unpaid work to improve your work skills.

**Looking for work** You are actively looking for suitable paid employment for the entire period, unless you are otherwise meeting Activity Test requirements while you are claiming a Centrelink payment that requires an Activity Agreement such as Newstart Allowance, Youth Allowance or Parenting Payment.

**Studying/training** Studying and training includes undertaking a course to increase your job prospects, attending a school, university or college, and being on a semester break.

**Other circumstances** Have a disability, caring for an adult or child who has a disability, are outside Australia or in prison.

For example To be eligible for up to 50 hours of Child Care Benefit per week for a child in registered care, a couple could be (and these are not the only possibilities):

- both working
- one working and one studying
- one with a disability and the other partner working
- one with a disability and the other partner caring for that person
- one studying and the other partner caring for a child with a disability
- one receiving Carer Allowance for a child.

For Child Care Benefit approved care, the work, training or study test requirements are different.

Please note: If you have a partner, you and your partner:

- do not have to be in the same category, and
- do not have to satisfy the work, training or study test on the same day—so long as you both satisfy the work, training or study test at some time during the week in which the care was provided.

If you have a partner, only one of you can satisfy the work, training or study test under the other circumstances eligibility requirement.

Remember, if you have a partner then both of you must meet any one of these requirements to claim Child Care Benefit for registered care, unless one of you receives Carer Allowance for a child.
Commencing or returning to work

If you (or your partner):
• are the lower income earner in a couple, and
• commence or return to work for the FIRST time after the birth of a child or caring for a child who has come into your care,

you may be entitled to the maximum rate of Family Tax Benefit Part B for the period during the financial year before you commenced or returned to work and in which you were not in receipt of Parental Leave Pay. Family Tax Benefit Part B is not payable to families if the higher earner’s income is more than $150,000 for the financial year or for any period in which the family was in receipt of Parental Leave Pay.

For more information on returning to work, go online humanservices.gov.au/childcare or call us on 136 150 between 8.00 am and 8.00 pm (local time) Monday to Friday or visit one of our Service Centres.
To claim Child Care Benefit for any child who is under 7 years old, you may need to prove that your child’s immunisation is up-to-date or that you have an approved exemption for your child.

If the child’s immunisation is up-to-date, the easiest way to prove this is to provide the number on the current Medicare card the child is listed on.

If you do not want to provide the current Medicare number or you do not know it, and you do not have an approved exemption, you can provide:

- an ‘Immunisation History form’ completed by your doctor or other recognised immunisation provider, or
- an ‘Immunisation History statement’ from the Australian Childhood Immunisation Register.

**Approved exemptions**

Your child is exempt from the immunisation requirement in the following circumstances:

- your child cannot be given a particular scheduled vaccine due to a temporary or permanent medical condition—your child’s doctor or a recognised immunisation provider will need to complete a ‘Medical Contraindication form’ or provide a letter stating that your child cannot be immunised.

- your child’s family holds a personal, philosophical or religious belief that your child should not be immunised—your child’s doctor, or a recognised immunisation provider will need to complete a ‘Conscientious Objection form’ or provide a letter stating that the benefits and risks of immunisation have been explained to you and because of your beliefs you do not want your child immunised. You will need to sign the form or letter completed by the doctor or recognised immunisation provider.

- your child has a natural immunity to a disease or a vaccine is temporarily unavailable—you will need a letter from your child’s doctor explaining the reasons.

- your child is in a category specified by the Minister for School Education, Early Childhood and Youth as being exempt from the requirement to be immunised. Members of the Church of Christ, Scientist are included in this category and you will need a letter from an official of the church stating that you (and/or your partner) are practising member(s) of this church.

- your child has been immunised outside Australia—you will need a letter from your child’s doctor or recognised immunisation provider explaining that the same level of immunisation has been provided to your child as outlined by the Australian vaccination schedule or is on a catch up schedule.

**Australian Childhood Immunisation Register**

The Australian Childhood Immunisation Register (the Immunisation Register) is a national register that records details of vaccinations given to child(ren) under 7 years of age who live in Australia, helping parents ensure that their child(ren) are fully immunised.

Children under 7 years of age who are enrolled in Medicare are automatically included on the Immunisation Register. Children who are not eligible to enrol in Medicare will be added when a doctor or immunisation provider sends the details of a vaccination to the Immunisation Register.
