

This form is intended as a guide for international students who are writing invitation letters. It is intended as a general guide only.

If your family members apply for a visitor visa to visit you in Australia, they may need to provide an invitation letter. This invitation letter is a **letter from you (not from the University)** that explains your relationship to your family member and the reason that you are inviting them to visit you in Australia.

Information that you may wish to include in **your** invitation letter:

- > The names and dates of birth of the relatives you are inviting
- > Your relatives' intended travel dates
- > An explanation of your student status and program of study
- > An explanation of the reason that you are inviting your relatives
- > Graduation ceremony dates (if your relatives are visiting to attend your graduation)

Information about the documents required for a visitor visa application can be found on DHA's site:
