

APPLICATION FOR RELEASE TO TRANSFER EDUCATION PROVIDER

This form is for international students who wish to transfer to another Australian education provider within the first 6 months of their academic program.

Application Assessment

You must continue to attend classes until you receive the outcome of this application. You will be notified of the outcome of your application within **10 working days** of the submission of this completed form along with all required supporting documentation. Incomplete applications may cause a delay in assessment. You may be invited for a follow-up meeting to discuss your application where necessary. The University assesses applications strictly in accordance with the [Release Procedure and Standard 7 the National Code of Practice \(2018\)](#).

A release **may** be granted if there is evidence that:

- there are demonstrated compelling and compassionate grounds deemed beyond the student's control (refer to guidelines below);
- the student has completed their current pathway program(s) and has not met the entry requirements of their principal program.
- the University has discontinued the program into which the student was accepted;
- there is evidence the student received misleading information about their program of study from the University or one of its representatives and the program is therefore unsuited to their needs;
- there is evidence that the student's reasonable expectations about their program are not being met;
- an appeal (internal or external) on another matter results in a decision or recommendation to release the student;
- the student has been accepted into a program and the University determines it is an unsuitable level of study.

A release **may** be refused if:

- Tuition fees or other charges are owed to the University;
- Request is based on personal preference or change of mind;
- Request is based on a desire to change to a new course with lower fees, shorter duration or to be closer to family and friends;
- A change will jeopardise the student's progression through a package of programs;
- Student has not accessed support or academic services offered by the University and the application is based on being unable to achieve satisfactory academic progress;
- Student has only just commenced their program and there is no evidence to suggest they will not be successful in achieving satisfactory academic progress;
- Student has failed to meet student visa conditions including their obligation to ensure they have sufficient financial capacity to fund their study and living costs;
- Student wishes to transfer a program similar to those offered by the University or one of its pathway providers.
- Request is an attempt to avoid being reported to Department of Home Affairs due to a failure to meet attendance or academic progress requirements.
- Student has not made a genuine attempt to actively participate their principal program and/or not meeting assessment requirements of the program.

Visa Information

It is your responsibility to ensure you remain compliant with your student visa conditions at all times, including during a change of education provider. You may be required to apply for a new student visa if your release is granted. This may involve returning to your home country and/or voluntary visa cancellation especially if you are downgrading to a lower level program (for example from a Bachelor to Diploma). Please contact the Department of Home Affairs for further information on visa requirements.
